1. I have given you the land and placed it in your hand. I have given you the land and I have placed it in your hand. I have given you the land and placed it there personally, with Me personally giving you My land. See what I have said and keep saying and will continue to keep saying until the moment your hand receives from My hand, the land. And those of you who disbelieve this even for a moment, I will prove you wrong. Thus saith the Lord. I have placed My land in your hand.

2. Now go and glow and know that I like to say go, grow, glow, learn. Learn of Me, lean on Me. I want action even in rest. A rest is deliberate; not allowing cantankerous cankerworms to worm into your schedule, doing nice and wonderful things for nice and wonderful people who are not-Me at that moment, thinking only of themselves, not realizing the role of rest and renewal and relaxation for restoration. I love you. I give you Me.

3. Think it not strange I speak of rest and renewal in light of your project, your paper, your need to heed and understand deeply and transmit My porticos through Me, that see Me not in critical inundation; barrage-ment of not-Me; but in life and light and solitude with waves crashing on shores, some, as you have desired.

4. I love you. I give you Me. I give you My body. I give you My land. So simple, complex not. Yea, repeating Me, being Me. Building Me up, My body which comes forth in dominion and deliverance of only Me.

5. The kingdom of heaven suffering violence and the violent taking it by the force of humility, surrender, monular relaxation in only Me; the works performed, yea, long, long ago.

6. I give you many. Ride My vehicles with only Me now. I love you.

7. Into My arrangements, alliances, agreements coming forth, nuancing not; notwithstanding traditionalists, but, yea, trysting with only Me. Yea, in My place, My heart, My seed of seedbed, relieving Me, reliving Me. I love you. I give you My all.

8. Think it not strange some WeekWorks were so small. Be it only of Me. I come. I call. I confirm. I conquer. I come forth. I radicalize now the timid who so fearing have been,

wanting to please and perfect that which concerned them and concerned them not. But, yea, implacid waters, and only Me walking them now, afraid of nothing. No turbulence repelling, yea, walking through all. I love you.

9. Kingdom of heaven on My land, in My hearts, yea, through builders, architectures of only Me; Me drawing My designs, My denim-shorted ones of only Me. Watch Me.

10. Watch Me come forth in ways and means that delight the solitude'd, solemn-not, but exuberance'd now in My manifoldness bringing forth My Me, yea, in classes many where I speak, I teach, I am the leader, I am the follower, I am ALL. My family, One. I love you.

11. See now the doors of opportunity opening on My panoramic scale, My panoramic scale. Paranoia, none. My panoramic scale now actualized in My who come to Me with guts, risking all to be wrong, risking all to see Me in My fullness in their mirror. I love you.

12. Movies come forth. Domains come forth of only Me, as I make, and renew and fashion domain of My domain.

13. My kingdom of heaven polishing not the kingdoms of this world, but yea, establishing My forthrightness, forthwith, equity delivered, delivering delivery systems of only Me. I love you. I give you Me.

14. Think it not strange few WeekWorks small, then so much so fast, so quickly. Ready be, My love. Ready be for My from afar. My afar taking you to ready-ize My ready-able. And ready-not are few; ready are many, waiting, destitute, desperate and ready to realize My who ready's, My who brings forth the priesthood of all believers, in one gender not, but, yea, My men, My women, yea, My boys and girls, who know their role and not afraid are, coming forth from the womb, knowing Me.

15. Watch Me and see what I have said. And see if I will not do, see if I don't do, see if I am not who I say I am and do what I say I am doing. I love you.

16. Oh, My youth come forth. My giants. Oh My young, Watch Me. I love you.

17. My library awaits you escorting My escort of only Me. I love you.

18. Be not afraid of sudden change. I am with you was first. I am with you, be not afraid of sudden change. I am with you. Be not afraid of sudden fear, for I am with you. Be not afraid, be not afraid of these things, those things, that which you do not yet

know in traversing the paths now which I will take many on and many with you. God bless you. I love you.

19. Think it not strange now the diction, the details that I now bring you with to a new and larger place. I give you diction and details of only Me. I give you Me. My vocabulary see, rising out of the ground in a new and larger place, a new and larger place. Brand new and much larger, enlarging the scope of My to do with you, all to be with Me. I love you.
